Lifestyle Solutions provides services to people with disability, young people and children in Out of Home Care, their families and communities. The majority of our workforce are support workers providing essential services to Australians with a disability and children in out of home care.

Our employees work in the community and we provide comprehensive training and support and maintain the highest standards around workplace health and safety. We hire on values and people who believe that everyone in society should be afforded equal opportunity and equal respect.

We're recruiting temporary staff to supplement our busy Support Worker teams at this challenging time. If you're interested in meaningful work on a temporary, casual or fixed term basis please follow the link to our website to find out more about working with us:
